Are you searching for a bull that gives you efficient and trouble free cows?

## WE FOUND HIM: PEAK HOTLINE!

If you're raising an easy to manage and profitable herd, whatever its size, CRV can help. We stand for cows that provide higher yields without increased feeding, cows that also live longer and enjoy healthier lives. With **Better Life Efficiency** and **Better Life Health** you can source and identify the best bulls for a healthier and more efficient herd, based on exclusive traits and years of experience in breeding.

With **Hotline** (Hotrod x Mogul) CRV adds another fine example of our unique breeding goal. Hotline's daughters will be very productive, have excellent and very healthy udders in combination with good Feet and Legs. All relevant traits for breeding that easy to manage and efficient herd.

If you'd like to know more about developing a herd that performs better, please visit our website.

Dear Readers,

In front of you the new *Hotspots* - full of the latest breeder news and articles on multiple outstanding cow families. Families that we have known for decades but still stand among the most wanted cow families in today's market. Families developed by energetic and devoted breeders, breeders who make these cows so valuable to commercial dairymen all across the world.

In this column we like to thank these breeders and all others for what have you have done for dairymen across the world and the consumers of our milk. You have done an excellent achievement in breeding better, healthier longer lasting, easier to manage cows.

THANK YOU!

Best regards,  
the *Hotspots* team

# Cherry Crest Manoman Roz

## High marks for breeder satisfaction

Catalogued as Lot 8, Cherry Crest Manoman Roz paraded across the colored shaving of the prestigious World Classic Sale back in 2010 and caught the eye of Siemers Holsteins, “We were looking for a female to kick start the genomic side of our program, and we like to see deep pedigrees, high scores and great records to go with the numbers,” shared Jordan Siemers, Siemers Holsteins.

### A new home

The impact of this Friday night purchase went beyond anything the team could have anticipated.

### Jordan Siemers, Siemers Holsteins

“When we saw Roz coming in we thought she is something special; however, we were not the only ones that liked her since the price quickly went up.”

The team had a price in mind of what they wanted to spend and as soon as Roz went over that price they stopped. “We were a little disappointed as it didn’t look like we were going to be the successful buyers of Roz, and that is where my mother, Janina Siemers, stepped in. She told us if this is the heifer we wanted, we should get her bought.” Siemers’ hand went back up and Roz found a new home in Newton, Wis.

Cherry Crest Manoman Roz had the genomic numbers and her deep North American pedigree made her the complete package. Her dam, Whittier-Farms HE Rebeca EX-91-2E-CAN, sired by Honeycrest EL-

egant, left numerous Very Good and Excellent daughters in Canada. She was mated to a variety of bulls but it was the mating to Man-O-Man that proved to be the most successful. Along with Roz, Manoman Rosie GP-83-2YR-CAN has a Mogul daughter, Alna Mogul Rosa, who has done very well for Peak Genetics and RR Cherrycrest Manoman Rozalyn VG-87-NL has several offspring in the herd of Oosterbrook Holsteins, The Netherlands.

When Roz arrived at her new home she was immediately put on an extensive flush and IVF program. “We have a large number of recipients so we decided to make as many transfers as we could. Somebody that was involved with Roz early on was Kevin Jorgensen, Sire Analyst for Select Sires, Inc.

### Kevin Jorgensen, Select Sires

“There have been a variety of bulls used on the family but my favorites have always been the higher type bulls like Windbrook, Kingboy, Meridian and McCutchen.”

Siemers kept most of the Roz daughters in their herd and are now milking impressive offspring sired by Windbrook, Doorman, McCutchen, Bookem, Galaxy, Mogul and Headliner.

### The Windbrooks from Roz

One daughter they did decide to market was an early Windbrook that sold through the Crackholm Spring Fever Sale to Claynook Farms, Ontario, Canada.

Dennis Wagler of Claynook Farms shares, “The Windbrook has been

**Cherry Crest Manoman Roz EX-91**  
Matriarch behind a soaring new genomic line.

**Siemers Windbk Rozanne EX-93 GMD DOM**  
Several granddaughters over +2800 GTPI

**Siemers Kingboy Rozanne GTPI+2539**  
Daughter by Jedi +2898 GTPI is the highest family member

a really good brood cow for our herd.” Siemers Windbrook Rozini is currently scored EX-90-CAN 2\*. “The offspring from Rozini have done well for us, several have also tested high in the German system so we were able to sell a number of embryos,” Wagler added. Claynook Farms is currently working with several granddaughters of Rozini sired by Monterey and Silver and milking Very Good daughters of Rozini by McCutchen, Doorman and Chipper-P.

## Dennis Wagler, Claynook Farms

“The typical Roz in our barn has a really good udder, great components and are strong and wide muzzled.”

In the barns of Siemers Holsteins they have had a similar experience. “Our Roz offspring have great udders and we really like milking them. We like them so much that we are still making embryos from Roz and transferring them in our own herd.”

Some of the earlier daughters are already scored Excellent like an EX-92 Bookem, who has a Merjack son heading to Semex with a GTPI of +2561 and +3.58 PTA Type.

Siemers Windbk Rozanne EX-93 GMD DOM is working on a very influential career of her own. Rozanne, sired by Windbrook, has two sons at Select Sires, Rozroyal and Rozduke and is the granddam of two Jedi daughters scoring over +2800 GTPI.

The mating of Supersire on Windbrook Rozanne left two successful bull dams in the Siemers herd, Siemers S-Sire Roz-Anne VG-85 DOM, dam of Router at Semex with a GTPI of +2766, and Siemers S-Sire Rozanne VG-86, dam of Trajectory GTPI+2702 also at Semex.

Both Supersire daughters are still in a flush program, S-Rozanne has high ranking daughters by Kingboy, Lottomax, Powerball and Delta (up to GTPI+2806) while her first granddaughters score as high as +2827 GTPI. S-Rozanne has high scoring daughters by Lottomax and Doorsopen, and her granddaughters score up to +2862 GTPI.

## Bookem sons x Roz

The Supersire daughters are not the only line flourishing at Siemers Holsteins, Roz also has daughters by Doorman. Siemers Doorman Roz VG-87 DOM, who scores high on PTA Type (+3.24) and has a son at both Semex and Select Sires. Further, her Rubicon daughter scores +2726 GTPI and +158 gRZG. Her full sister, Doorman Rozette VG-88 also has a daughter that scores well on the German system, Siemers Silver D-Rozza has a gRZG of +156 and scored +148 gRZE.

Another Bookem son that mated well with the Roz family was McCutchen. There are two Very Good-87 McCutchen daughters of Roz with Dam of Merit status that are +2521 GTPI and +2520 GTPI. Siemers McCutch Roz has four daughters over +2700 GTPI, two of which have sold to Peak Genetics and her full sister Roz-Queen has a Modesty daughter at +2764 GTPI and +3.04 PTAT. Roz-Queen is also the favorite of Kevin Jorgensen, “This cow has the look of a really high-scoring cow someday and also has a +2851 GTPI Modesty son at Select Sires.” Select Sires has several nice bulls from the Roz family in their lineup, but Jorgensen is excited about what’s to come, “We have several Modesty sons coming and a +2833 GTPI Bandares backed by a Lottomax from Siemers S-Sire Roz-Anne.”

Both Jorgensen and Siemers agree, it’s difficult to point out a line that will develop more dominantly. Only time will tell as this tremendous young family continues to branch and future mating decisions are made. Either way it’s an exciting time for the Roz family.

# SHOW Spots

**A. WALNUTLAWN MCCUTCHEN SUMMER | EX-92-3YR-USA**  
Breeder: Walnutlawn Farms (CAN)  
Owner: D. Dymont, M. Heath, S. Dion (USA/CAN)

- Nominated All-American Senior 3-Year-Old 2016
- Nominated All-Canadian Senior 3-Year-Old 2016
- Reserve Intermediate Champion, Northeast Fall National 2016

**Story:** A cow that has bridged the gap between show-ring and genomic type. Summer is a unique individual bred by the Zehr family at Walnutlawn Farms, Tavistock, Ontario and is backed by a super pedigree. She is sired by McCutchen and com-

pletes 12 generations of Very Good or Excellent from the Splendors. A maternal sister to the popular mating sire, Solomon, Summer finished up her 2016 show season receiving All-American and All-Canadian nominations.

**Owner Comments:** Sebastien Dion, "David Dymont, Michael Heath and myself purchased Summer in September 2016. She was immediately moved to Eaton Holsteins, New York where they have done a tremendous job looking af-

ter her. Two short weeks after the big move, Summer went on to be named Reserve Intermediate Champion at the Northeast Fall National Holstein Show, 7th at World Dairy Expo and 6th at the Royal Winter Fair. A lot of things make Summer extremely exciting in my opinion, she is a super show cow with her best days yet to come and she is the complete package. Summer boasts an impressive +3.45 PTAT in the US and a + 17 Conf. in Canada with positive production numbers on both side of the border. She is currently on an extensive IVF program with plans to breed her back for the 2018 show season."

**B. WILCOR GOLDWIN O'KADABRA | VERY GOOD-88-NL 2YR.**  
Breeder: Wilcor Holsteins (DE)  
Owner: Stäme Holsteins (SW), R. Chabot (CAN), S. Siepermann (DE) & Diamond Genetics (NL)

- 1st & Best Udder 2yr. old class National HHH-Show '16
- HM. Champion Young Cows National HHH-Show '16

**Story:** O'Kadabra was topseller at the Schau der Besten Sale '15 for € 35.000 where Hullcrest Holsteins purchased her and developed her until the HHH-show '16 where she entered the show ring as a 2yr. old when she was just fresh. She impressed many with winning the youngest milking class of the show and winning the HM. Championship! After the show she sold to an international breeders group with owners from Canada, Germany, Holland and Sweden!

**Owner Comments:** "O'Kadabra has everything we want to see in a young cow, she has the best udder you can imagine, with so much width and quality and has the frame which will develop with times she matures. We expect a lot from her for her future in the show ring. Beside her fantastic type she she has the pedigree which gives much confidence in her abilities for showing and breeding, she comes from a Golden Cross: Goldwyn x Sid. Than followed by the World-, -European- & Swiss Expo Grand Champion Decrausaz Iron O'Kalibra EX-97-CH"

**C. GOLDEN-OAKS BCK CHALINE | EX-91-US**  
Breeder: Golden Oaks Farm (USA)  
Owner: Golden Oaks Farm (USA)

- Nominated All-American 4-Year-Old 2016
- 5th 4-Year-Old and Genetic Merit Winner, International Holstein 2016
- Senior and Reserve Grand Champion, Illinois State Fair 2016

line that has produced many high PTAT offspring and also the Junior Champion of the World Dairy Expo 2015, Golden-Oaks Sid Charlise. Chaline scored Excellent-91 was Nominated All-American Four-Year-Old in 2016 and nominated Illinois Holstein of the Year. Further, Chaline has an impressive +2.57 PTAT.

**Owner Comments:** Ethan Heinzmann, "Chaline is

bred back, due in August and will hopefully be ready for the fall shows. Unfortunately, we do not have any daughters on the ground yet but pregnancies coming by Doorman and Solomon. Chaline has also recently been flushed to Crush and Goldwyn. Chaline is the first Golden-Oaks bred and owned cow to finish in the Top 5 of the milking cow classes at World Dairy Expo. We're excited to see what else she might accomplish for us."

- 1st Summer Yearling, Midwest Spring National Holstein Show 2015
- HM Junior Champion, Midwest Spring National Holstein Show 2015
- 1st Summer Yearling, Mid-East Spring National Holstein Show 2015

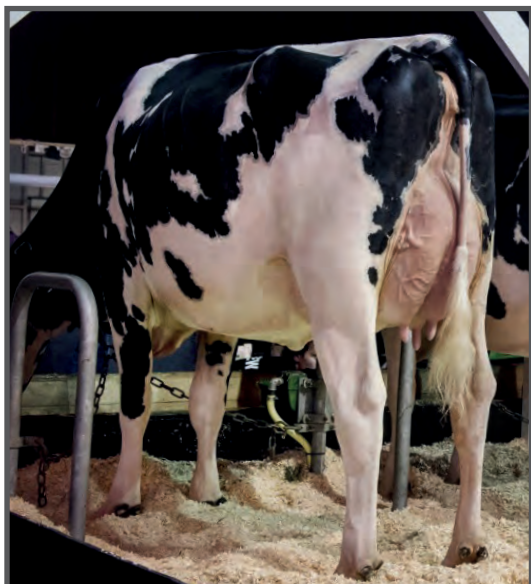

**Story:** Sired by McCutchen, Cherry Crest Miss Vermont is backed by a tremendous line of Atlees. Her dam is the VG-85 Facebook daughter of Ms Atlees Goldwyn Ariel, a full sister to Atwood and a Reserve All-American herself. Canadian-bred Miss Vermont

past October she won the Junior 2-Year-Old class at the International Junior Holstein Show during World Dairy Expo for current owners Austin Yoder and Matthias Swartzentruber. Not only has this good young

cow been showing at the top of her classes, she boasts a GTPTI of +2363 and +2.53T.

**Owner Comments:** Austin Yoder "Miss Vermont has done everything we've asked her to do. She won her class at World Dairy Expo only 60 days fresh and is due back again in August for this coming year. I think she is the epitome of a modern cow combining her great genomics with the ability to win in the show ring!"

## F. JK EDER DG ESMERALDA | VG-88-NL VG-89-MS 2YR.

Breeder / Owner: Diamond Genetics & JK Eder Holsteins (NL)

- 1st & Champion 2yr. Old Dairy Fair Mariënwaerdt '16
- Res. Champion National HHH-Show '16
- Res. Champion Hoornaar '16

**Story:** Incredible young cow by Doorman, already scored VG-88 2yr. with the max. VG-89 for her stunning udder. She shown 3 times in the 2016 show season, was Res. Champion 2yr. old twice (under which at the National HHH-show) and won Champion 2yr. Old at the Dairy Fair Mariënwaerdt '16. As well she was the head cow for the Doorman progeny group. Esmeralda comes from a deep French cow family, her dam Carf Emeraude EX-91 was the National Champion in France and goes back on Eglantine EX-94-FR, the same family as the 2 x French cow of the Year Amaranthe EX-FR!

**Owner Comments:** Jan Kolff "Esmeralda is the best young cow we have ever bred and owned, she did a great job winning Champion or Reserve at all shows we have brought her to and is a pleasure to work with, she has an incredible udder, with so much quality and which has the best rear udder with so much width and height. Esmeralda is bred back and will be prepared for the National Show (NRM) in June '17. As well we are looking forward to make more progeny out of her, we have sold her Seaver daughter which later won her class at the show in France, and we are currently flushing her Atwood daughter which is the #5 PTAT Atwood in Europe!"

 Callum McKinven and Katherine Beerwort and daughters Tara (not pictured), Brooke and Alana (left) with Garay Awesome Beauty, her first place spring heifer calf at the 2016 World Dairy Expo

"For 6 years we have been using Udder Comfort™. We are stuck on it, seeing a difference within one hour of use. Over 90% of our fresh animals get it after each milking for the first week," says Callum McKinven. He grew up with Jerseys, his wife Katherine Beerwort grew up with Holsteins. Dairy is in their blood. Together from scratch, they started their Lookout Holstein and Jersey Farm, Canton, De Hatley, Quebec. Today, with their 3 daughters involved, the McKinvens continue to make their mark, breeding top animals in both breeds.

Callum has judged over 800 shows worldwide, including 10 at World Dairy Expo. He says the key is to "look for the pattern, the kind you like and not worry about anything else."

Callum uses Udder Comfort at shows and at home. "We put it on right up to the showing, and at home to soften and soothe. It works quickly to soften while gentle to the skin."

# All.Nure Supersire Eleonor

## Huge production source from solid family!

All.Nure Supersire Eleonor is her name, one of the World's leading sources for huge production progeny, dam of top ranking females, dam of multiple sons in AI under which an international sire of sons and much more to come!

### Type & index foundation

The foundation of this cow family was established at Savage-Leigh Holsteins from Maryland, USA. Multiple generations of strong breeding with great bulls in the pedigree like Chairman, Blackstar and others made it to Savage-Leigh Bellwood Linda EX-92-USA GMD DOM. A cow which delivered both index & (show) type at the highest level. Her daughter Savage-Leigh Licorice EX-92-USA (s. Durham) was in the top of the American CTPI index ranking, she won multiple shows and was Nom. All-American in 2006. Her CB Allen daughter Savage-Leigh Allen Leona EX-96-USA 2E was one of the most dominant cows in the production classes of the big North-American shows for the past decade.

### The European Linda's

Another type sire after Linda added to this pedigree before the European part of the family started which developed by All.Nure Holsteins from Italy. Linda's EX-94 daughter of Skychief is the dam of All.Nure Elegant Bullestar EX-90-IT, daughter of Honeycrest Elegant and dam to Starblue (s. Man-O-Man) @ Semex and to All.Nure (197) M-O-M VG-87-IT 2yr. With another high production bull, Seagull-Bay Supersire she gave birth to this new genomic star: All. Nure Supersire Eleonor.

### PEDIGREE

- > Savage-Leigh Bellwood Linda EX-92-USA
- > Savage-Leigh Skychief Louise EX-94-USA
- > All.Nure Elegant Bullestar EX-90-IT
- > All.Nure (197) M-O-M VG-87-IT 2yr.
- > All.Nure Supersire Eleonor VG-85-IT 3yr.
- > DG Albero Edorado

### Production power

Eleonor herself calved in the herd of All.Nure Holsteins in Italy where she scored VG-85-IT 2yr., with still >2000 milk in her American index and +62 lbs protein, she still is one of the highest milking cows in Europe for her production index. Something she really marked into her progeny with 11 sons and daughters testing >2000 lbs milk in the American test system and up to +2785 lbs milk index in the American test system and up to 111 lbs Fat & 84 lbs Protein!

### Females on global top charts

The future looks bright for the breeding program of Diamond Genetics and All.Nure Holsteins which both own the daughters of Eleonor. Obviously her most successful cross was to the current #1 daughter proven GTPI sire Montross resulting in multiple top charting males and females. Her daughters DG Albero Elise is the #1 GTPI Montross daughter in Europe with GTPI +2750 (+2126 M / +75 Protein), while her full sister Elsia is one of the highest production heifers in the breed with +192 Combined Fat + Protein and +2744 GTPI. Another sister, Enrica combines +187 Combined Fat + Protein with a lower than average SCS score

### International sire of sons

The first generation of Eleonor sons already will be influential to the breed with numerous sons selling to international AI stations. DG Albero Elliott is the World's #2 GTPI son of Wickham. Elliott is at Cogent and combines a great mix between production (+90 Fat / +61 Protein) with almost 2 points PTAT. Her highest son DG Albero Eldorado is international marketed by AI Total, he is in the Top 10 of Montross sons and international sire of sons, mating sire for flushes and a premier choice of many commercial dairy farmers around the World with his index most dairy farmers are looking for: +2358 Milk with a plus on % Fat & Protein resulting in +104 lbs Fat and +79 lbs Protein, combined with +1.1 DPR, easy calvings (SCE 6.4) and >2 points for PTAT (with a positive teat length and sloped rumps)!! It's the Eleonor family which we have to keep in mind as a key source for high production genes which combining the complete package!

All.Nure Supersire Eleonor VG-85-IT VG-MS 3yr. Huge transmitting production star

Willows-Edge Atwood **FRASIA** EX-91-USA  
Owner: Willows-Edge Holsteins, Wis.

Sire: Maple-Downs-I G W Atwood  
Dam: Willows-Edge Iota Famous EX-91 EX-MS  
2nd Dam: Willows-Edge Bolton Flicker EX-94 GMD  
Next 8 dams VG or EX with GMD status

Willows-Edge Atwood Frasia EX-91 will be a highlight of the Willows-Edge Complete Dispersal Sale on March 18, 2017. In 2016, Frasia was shown as a junior three-year-old and her results include a third place finish at the Midwest Fall National Show and a second place ribbon at the Wisconsin District 1 Holstein Show.

Frasia is an Atwood daughter backed by Willows-Edge Iota Famous EX-91 and together with her maternal sister Frankie, they were nominated All-American Produce of Dam 2016. Famous is the AltaIota daughter of Willows-Edge Bolton Flicker EX-94, Flicker completes eight generations of Gold Medal Dams and has several sons in A.I. Her full brother, Willows-Edge Iota Fame is in the proven sire lineup at Accelerated Genetics.

Owners of Willows Edge Holsteins, Henk and Bonnie van Dyk are excited about her future. Van Dyk shares, "I think her Bolton granddam, Flicker, is the best cow I have ever bred. I am excited that the family continues to make great ones like Frasia and her sister Frankie for us and hopefully for many others in the future."

As previously mentioned, Frasia's type talent wasn't an accident but has been carefully bred generation after generation. Her dam, Famous, has Excellent sisters by Mac (Willows-Edge Mac Frosting EX-94, dam of Franco at International Protein Sires) Supersire and Beacon. Frasia's maternal sister is Willows-Edge GD Frankie VG-88-2YR, the highest scoring two-year-old last year at Willows Edge Holsteins who was third in the U.S. for BAA on herds of 101-249 cows.

This family will likely be in the spotlight for a while as a Jacoby son scoring PTAT +3.96 and bred by Bert-Mar Farms, Wis. will be heading to the bull barns of Sexing Technologies. Frasia, Frankie, Famous and many other family members sell at the Willows-Edge Dispersal.

Misty-Moor Delta **PAILOU** GTPI+2617  
Owner: Misty-Moor Holsteins, Pa.

Sire: Mr Mogul Delta 1427  
Dam: Misty-Moor Ptrn [Petrone] Pilvar GP-83  
2nd Dam: All-Riehl Massey Perfume VG-86 DOM  
3rd Dam: All-Riehl Thron Prime EX-90 GMD DOM  
4th Dam: Brookburn Rudolph Pansy EX-93 GMD DOM

Misty-Moor Delta Pailou hit the spotlight in December 2016 when her first two daughters sired by Modesty came back scoring +2866 GTPI and +2810 GTPI. A great day for the Weavers of Misty-Moor Holsteins, Fleetwood, Pa.

Misty-Moor Modest Parson the highest of the two full sisters caught the attention of Peak Genetics and was sold privately for \$160,000. Misty-Moor Modst Painter sold in February on the GTPI-Type Sale for \$23,000 to Sexing Technologies. When asked what makes Pailou special, owner, Brandon Weaver replied, "She can make the high ones. Pailou is also a nice heifer, big and strong with a different pedigree."

Misty-Moor Delta Pailou is sired by Mr Mogul Delta 1427 and backed by a GP-83 Petrone daughter followed by a VG-86 Massey. All-Riehl Massey Perfume was purchased by the Weavers at the All-Riehl Holstein Complete Dispersal Sale in 2010. "We were looking for something to work," shared Weaver. And work she did, the purchase developed into the best cow family currently being worked with at Misty-Moor according to Weaver. From the Massey, daughters by Shamrock, Bookem and Petrone have sold for good money.

Pailou just finished up an intense IVF flush program and is now due in July to IHG Montana. She has pregnancies by Bourbon, Charley, Frazzled and Duke. Pailou has a total of four daughters on the ground, the two Modestys sold and there are two Modestys that the Weavers sold as embryos that received numbers in February and came back at +2778 GTPI and +2765 GTPI.

With results like this it looks like Pailou will stay in the spotlight for some time. According to Weaver the impact she has made at Misty-Moor Holsteins is, "Something you dream about it in the genomic world."

# Flora Atwood Adeena

## NEW type source from influential family

This family is not new in the World of showing, PTAT, Conformation and everything else what means TYPE!

Aitkenbrae Starbuck Ada EX-94-USA 2E is the foundation cow behind World famous show cows as dam to the Royal Grand Champion Shoremar S Alicia EX-97-USA, grand dam to the Res. Grand Royal MS Goldwyn Alana EX-96-CAN and off course the dam to the other very important foundation cow of this family, MS Kingstead Chief Adeen EX-94-USA 2E DOM.

### The Adeen's

Where Alicia had her big successes in the show ring it's Adeen who puts a big stamp on the breed through many different branches, the key cow behind the ultra successful show- and brood cow MD-De-light Durham Atlee EX-92-USA, dam to Atwood, Aftershock, Delete, Golden Dreams and grand- and great grand dam to multiple others!

### New Type source from proven family

It's Shottle daughter Anya which starts a "new" type source to this great family. Her roots to Adeen are going through the maximum scored Champion daughter Sherona-Hill Champ Angel VG-89-USA EX-MS 2yr., to the All-American Jr. 2-Yr. Old '03 Amlaird Lee Alice EX-94-USA, who is Adeen's Lee daughter. Anya VG-87 2yr. made fame in the herd of Bolleholster Holsteins from Jan van der Wal in the north of the Netherlands where she is still alive as a 10 year old cow, she recently brought great news for her owner as she is pregnant again and will calf again in 2017!

### PEDIGREE

- > Aitkenbrae Starbuck Ada EX-94-USA 2E DOM
- > MS Kingstead Chief Adeen EX-94-USA 2E DOM
- > Amlaird Lee Alice EX-94-USA
- > Sherona-Hill Champ Angel VG-89-USA 2yr.
- > Bolleholster Anya VG-87-NL 2yr.
- > Flora Atwood Adeena VG-87-ES 2yr.
- > Flora Beemer Adriana

### Anya's progeny

Genomics really is the biggest reason that Anya is going to have such a big influence to the type breed. Anya obviously is a great type cow herself, and yes she has this great pedigree from one of the greatest type families in the World, but when the genomic era started and Jan van der Wal decided to test her, Anya's popularity made a big hit when her genomics came back. Her type index was one of the highest in the breed, from that moment circa 100 embryos were sold all over the World! Nowadays Anya has many milking daughters in different countries and all give so much satisfaction to their owners.

### #1 bull!

Atwood made a great combination on Adeena, both going back on Adeen, Atwood being the #1 PTAT sire and Anya being one of the highest PTAT cows, Atwood with his great style and Anya with her great power and strength. This mating really turned out to be a "Golden Cross", starting in this story with the bull Eclipse Atwoods Archrival, he came back as the #1 PTAT sire in the breed, used as a sire of sons all over the World and mated on the greatest cows, now his daughters are making a great impression to breeders which start using him again!

### #1 heifer!

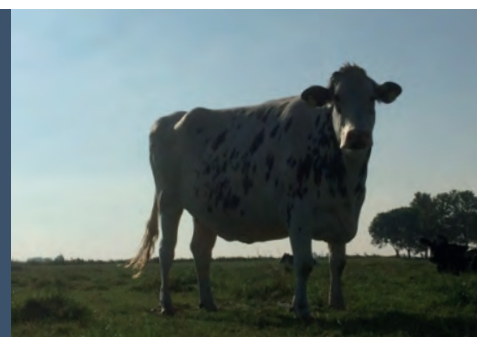

This so called Golden Cross is also the foundation behind multiple #1 heifers. Adeena her grand dtr H.Tobias Am Mcc Adela (McCutchen x Atwood x Adeena) is the former #1 PTAT heifer in Europe and topped the Italian Style Sale '15 for € 30.400 and had a 1st Choice son selling for € 25.000! Another Atwood from Adeena is the foundation of the start of something huge: Flora Atwood Adeena VG-87-ES 2yr., purchased by Eclipse Holsteins as a fresh 2yr. old, moved to the Netherlands where she later sold to Diamond Genetics and ARGH Holsteins through the Vekis Spring Sale. Adeena had all the best from both sides, she is an Atwood with power, she has a sloped rump and stunning udder, this spring she will be bred back to get her calved for the second time. Adeena her first tested progeny did test huge, like her Beemer daughters Flora Beemer Adaline (PTAT +3.88) and Adriana (PTAT +4.01), which are the current #3 and #1 PTAT heifers >9 months old in Europe! Adeena... a very interesting "new" type source of a proven family with so much influence already!

Flora Atwood Adeena VG-87-ES 2yr.  
One of the most new, up- & coming type sources in th breed

Flora Beemer Adriana  
#1 PTAT heifer in Europe >9 months, PTAT +4.01 (12/16)

Bolleholster Anya VG-87-NL 2yr.

# De-Su Bkm McCutchen 1174

## Choose your favorite

## McCUTCHEM daughter

McCutchen's early proofs indicated that he would produce some tremendous offspring, his popularity was boosted when daughters started hitting the ground and even more when they calved in with exceptional udders. Now with daughters in their second and even third lactations, McCutchen's ability to breed solid production cows with outstanding conformation is further solidified. He received his first official proof in April 2015 and debuted at No. 8 on the High Ranking Sire Report just two spots ahead of his sire De-Su 521 Bookem. His proof figures have continued to climb with a GTPI of +2493 and PTAT of +3.23 in December 2016. McCutchen's daughters and granddaughters have been topping genomic charts worldwide and garnering All-American and All-Canadian nominations. His continued popularity and legacy will be written by some of the notable McCutchen daughters highlighted below and sons such as Monterey, Kingboy, Dante and Crank it to name a few.
